PROFESSIONAL SUMMARY

Clinically trained dentist with experience in patient care, research, and teaching. Focused on translational applications of Dental Biomedical Innovation, with emphasis on regenerative dentistry, biomineralization, and epigenetics. Dedicated to evidence-based practice and improving oral health outcomes.

EDUCATION

Bachelor of Dental Surgery (BDS),Jordan University of Science and Technology, Jordan.

SEPTEMBER 2019 - JULY 2024

CGPA: 4.07/4.2 (First Class Honors, Rank: 1st out of 545 students)

EXPERIENCE

Research Intern - Department of Bioclinical Sciences, Kuwait University

OCTOBER 2025 - PRESENT

- Contributing to projects in the Oral Microbiology lab, investigating biofilms and their role in dental disease.
- Developing practical research skills through supervised lab work with clinical and translational applications.

Dental Intern - Jordan University of Science and Technology

AUGUST 2024 - AUGUST 2025

- Provide comprehensive clinical care across major dental disciplines.
- Assist specialists in advanced procedures.

Research Assistant - Department of Preventive Dentistry, Jordan University of Science and Technology

SEPTEMBER 2024 - JULY 2025

- Conducted clinical fieldwork for a study, including data collection and analysis, and coordinating research activities.
- Involved in manuscript preparation for publication.

Teaching Assistant - Department of Conservative Dentistry, Jordan University of Science and Technology

OCTOBER 2024 - JANUARY 2025

- Supervised undergraduate students in preclinical operative dentistry labs, guiding cavity preparations and restorations on simulation models.
- Provided hands-on demonstrations and individualized feedback.

Research Assistant - Department of Oral Medicine, Jordan University of Science and Technology

NOVEMBER 2021 - SEPTEMBER 2022

- Collected and managed clinical research data, organized datasets, and contributed to smooth execution.
- Carried out participant recruitment and interviewing.

PRESENTATIONS

Shamiyah DA, Alsadi F, Al-Qasem L, Al-Jamal G. Condyle Form and Position Through Cone Beam Computed Tomography. Poster presented at: International Association for Dental Research (IADR) – Jordan Section Annual Meeting; October 2024; Irbid, Jordan.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Mastering Lab Skills - Imperial College London

AUGUST 2025 -SEPTEMBER 2025

Intensive hands-on training in biomedical research methods, with competencies in aseptic technique, cell culture, microscopy, PCR, and ELISA, and exposure to molecular techniques including gel electrophoresis and blotting.

Diploma of Primary Care Dentistry (DipPCD) - Royal College of Surgeons Ireland (RCSI)

GRANTED FEBRUARY 2025

Basic Life Support (BLS) - American Heart Association (AHA)

VALID THROUGH SEPTEMBER 2026

LEADERSHIP & COMMUNITY ENGAGEMENT

Research Hub (JUST) – Co-founder & Undergraduate Mentor
MARCH 2023 - AUGUST 2024

- Led sessions and workshops to support undergraduate research participation.
- Delivered lectures on navigating research opportunities as a dental student.

Volunteer Dentist – Operation Smile, Kindly
OCTOBER 2023 - JULY 2025

- Participated in outreach clinics delivering preventive care to underserved populations.
- Contributed to school-based education initiatives across different communities.

SKILLS & COMPETENCIES

- **Clinical Skills:** Oral diagnostics, restorative, endodontics, prosthodontics, periodontics, oral surgery, and comprehensive care.
- **Research Skills:** Scientific writing, critical appraisal, Research coordination, Data analysis (SPSS, Excel), and Systematic reviews.
- **Lab & Technical Skills:** Sample preparation, DNA/RNA extraction, PCR , Western blotting, ELISA, Flow cytometry, Microscopy and imaging.
- **Soft Skills:** Time management, adaptability, critical thinking, teaching & mentorship, collaboration in multidisciplinary teams.
