PROFESSIONAL SUMMARY

Motivated and highly skilled dental professional with a strong clinical background seeking a **Dental Nurse** position. Bringing 3 years of hands-on experience in dentistry, including comprehensive knowledge of chairside assistance, preventive dental procedures, patient care, and strict sterilization protocols. Proven ability to manage dental charts, educate patients, and ensure a seamless, comforting clinical environment.

KEY SKILLS

- **Clinical Assistance:** Expert knowledge of dental instruments, materials, and four-handed dentistry procedures.
- **Patient Management & Care:** Excellent communication skills, patient counseling, and managing patient anxiety.
- **Infection Control:** Strict adherence to sterilization, disinfection, and safety protocols.
- **Diagnostics & Records:** Efficient dental charting, record maintenance, and administrative assistance.
- **Preventive Care:** Proficient in oral hygiene education, scaling, and polishing procedures.

PROFESSIONAL EXPERIENCE

General Dentist / Clinical Associate

3 Years (Including Internship)

- Provided high-quality chairside assistance during complex restorative, surgical, and preventive dental treatments.
- Managed patient intake, recorded detailed dental histories, and maintained accurate electronic dental charts.
- Educated patients of all age groups on proper oral hygiene practices and post-operative care instructions.
- Executed and supervised strict sterilization, instrument handling, and infection control protocols across the clinic.
- Assisted in and performed scaling, polishing, and oral examinations to promote preventive health.

EDUCATION

Bachelor of Dental Surgery (BDS)

MES Dental College, Kerala (Affiliated with Kerala University of Health Sciences) – 2023
