PROFILE SUMMARY

A dedicated dentistry graduate with a genuine passion for continuous learning and the medical field. Equipped with robust clinical experience gained through comprehensive training in BUE university clinics and a rich internship year, I have developed strong diagnostic abilities, confident patient communication, and a solid grasp of medical and dental principles.

My hands-on exposure across multiple departments has strengthened my clinical judgment, enhanced my ability to explain cases clearly, and refined my approach to patient-centered care.

EDUCATION

Bachelor of Dental Surgery (BDS)
The British University in Egypt (BUE) - Cairo, Egypt
Duration: 2019 – 2024
Cumulative Grade: Good

IGCSE – British Curriculum
