Responsibilities & Experience in Dental:

- Assist physicians and laser specialists in dermatologic and aesthetic procedures (e.g., laser hair removal, skin rejuvenation, pigmentation, acne treatment, Botox, fillers, PRP, micro needling, etc.).
- Perform laser treatments as per training and certification under clinic protocols.
- Conduct patient assessments, record medical histories, and obtain informed consent.
- Patient Preparation: Assisting in preparing patients for dental procedures by escorting them to treatment areas and ensuring their comfort.
- Assisting During Procedures: Providing support to dentists during treatments by handing them instruments, maintaining suction, and reassuring patients.
- Sterilization and Equipment Management: Assisting with instrument sterilization, maintaining dental equipment, and ensuring proper infection control protocols are followed.
- Patient Education: Educating patients on oral hygiene practices, post-treatment care instructions, and answering any questions they may have.
- Documentation: Documenting patient information, treatment plans, and procedures accurately in dental records.
- Emergency Response: Assisting in managing dental emergencies, such as providing first aid or contacting emergency services when necessary.
- Collaboration: Collaborating with dentists, dental assistants, hygienists, and administrative staff to ensure smooth clinic operations and patient care.
- Assisting dentists during procedures, ensuring patient comfort.
- Sterilizing instruments and maintaining cleanliness.
- Taking X-rays and other dental images.
- Scheduling appointments and managing records.
- Educating patients on oral hygiene.

Responsibilities & Experience in Derma & Laser:

- Proficient in operating aesthetic and laser devices.
- Knowledge of skincare products and dermatologic procedures.
- Ability to handle patient concerns with empathy and professionalism.
- Patient Preparation: Assisting patients before Derma & laser procedures by explaining the process and ensuring they understand safety measures.
- Assisting During Procedures: Supporting the laser technician or dermatologist during treatments by providing equipment and ensuring patient comfort.
- Safety Measures: Ensuring proper eye protection for patients and staff, and adhering to safety protocols throughout the procedure.
- Post-Procedure Care: Providing post-procedure instructions to patients, including skincare routines and potential side effects to watch for.
- Monitoring: Keeping an eye on patients for any adverse reactions during or after procedures, and taking appropriate action if needed.
- Equipment Maintenance: Assisting with the maintenance and sterilization of laser equipment to ensure safe and effective use.
- Patient Education: Educating patients about sun protection and skincare post-procedure to optimize results and minimize complications.

Achievements:

- Received positive feedback for patient care.
- Improved sterilization procedures for efficiency.
- Completed continuing education courses.

Skills:

- Excellent communication skills.
- Proficient in dental imaging techniques.
- Strong knowledge of infection control.
- Highly organized with appointment scheduling.
- Effective patient education techniques.
