About Me

Business Operations & Growth Leader with 8+ years across hospitals, clinic chains, and healthcare distribution. Proven in building and scaling multi-location operations, driving compliance, efficiency, and revenue through disciplined execution and systems. Clinically trained (BDS) with formal healthcare management education (PGDHM), enabling strong alignment between clinical and business stakeholders.

WORK EXPERIENCE

Beauty Beyond Borders | Dec 2024 - present

Senior Operations Manager

- Built and operated the end-to-end operational backbone for a multi-brand healthcare distribution business, supporting a ₹1.28 Cr CY2025 revenue environment across metro cities.
- Led national operations for premium international dermocosmetic brands — Elementrē (Switzerland), La Fervance (France), and Valmont (Switzerland) — with BBB as the exclusive India distributor.
- Designed and enforced SOPs across inventory, dispatch, invoicing, credit, collections, damages, and reimbursements, enabling controlled national scale without fixed-cost bloat.
- Acted as the central coordination layer across Sales, HR, Finance, Marketing, Inventory, and Training, ensuring execution continuity during high attrition and active launches.
- Built sales-enablement systems covering sampling, demos, KPIs, and regional performance reporting for BD teams.
- Personally hired, vetted, and onboarded team members across sales, operations, HR, and marketing, establishing role clarity, reporting hierarchies, and onboarding processes.
- Led SFA migration from HiDoctor to Lystloc, improving live tracking, documentation accuracy, and reducing recurring costs.
- Onboarded logistics partners and coordinated directly with international brand principals to ensure reliable multi-city execution and launch readiness.

COURSES & CERTIFICATIONS

- **Kennesaw State University**: Lean Six Sigma Green Belt
- **Google**: Project Management
- **Udemy**: Digital Marketing, Advanced Microsoft Excel
- **ASCI**: Smart Innovations in Post-Pandemic Era

Clove Dental | Jan 2023 - Nov 2024

Regional Business & Clinical Operations

- Held regional business and operational ownership for 280+ clinics across South India, leading a field operations team of 16 managers and enforcing clinical, operational, and brand standards.
- Delivered 22% revenue growth through disciplined execution of clinic-level operating plans, marketing alignment, structured lead follow-ups, and performance governance.
- Led rollout and stabilisation of 150+ new clinics, ensuring operational readiness, staffing, marketing integration, and post-launch course correction.
- Governed treatment quality and compliance across 220+ specialist doctors, driving consistency in outcomes and execution.
- Built and enforced lead management systems, increasing treatment conversions by 30% and improving clinic utilisation.
- Improved digital compliance from 66% to 95% and achieved 98% utilisation of AI-enabled sterilisation systems (DORI), strengthening audit readiness.
- Managed collections and financial controls, supporting recovery of ₹2+ Cr and improving cash-flow predictability through data-led reporting and patient feedback loops.

Apollo Health City(JCI-Accredited) | Jun 2022 - Sep 2022

Operations Intern

- Supported hospital operations and process improvement initiatives, applying Lean Six Sigma tools to streamline health-check workflows and reduce patient journey turnaround time by approximately 30%.

QTAT IT Solutions | Aug 2020- Jul 2021

Medical Reviewer

- Ensured medical documentation accuracy, quality assurance, and HIPAA-aligned compliance, developing strong skills in structured documentation, time management, process adherence, quality audits, and cross-functional coordination.

Multi-Clinic Practice | 2017- 2020

General Dentist

- Shambhala Dental Spa | Redesign Dental Clinic, Hyderabad, India | Jan 2017 – Aug 2020
- Practised as a General Dentist while managing daily clinic operations including scheduling, patient flow, chair utilisation, auxiliary staff coordination, and basic inventory control, building early exposure to clinic efficiency and operational discipline.
