PROFILE

Dental Hygiene graduate, committed to ensuring optimal oral health through a comprehensive preventive approach. Skilled in conducting thorough oral examinations, providing personalized advice tailored to each patient, and performing regular professional cleanings to prevent complications. Trained in innovative Guided Biofilm Therapy and the latest prophylactic dental treatments, my goal is to maintain a healthy and beautiful smile for patients throughout their lives. I work closely with dentists and orthodontists to ensure successful treatments that promote the long-term health of teeth and gums.
