OBJECTIVE

Dedicated and experienced healthcare professional with over 12 years of experience as a Scrub Nurse in neurosurgery and extensive background in general nursing and midwifery. Seeking a challenging nursing position where my skills in patient care, surgical assistance, and medical ward management can contribute to high-quality healthcare delivery. Committed to leveraging my comprehensive training, including a general nursing diploma, midwifery diploma, and an online care certificate, to provide exceptional patient support and collaborate effectively within a multidisciplinary medical team. Ready to bring my strong work ethic, attention to detail, and compassionate approach to a dynamic healthcare environment.
