Education

2022-01 - 2022-02

Extensive Program: Full Mouth Rehabilitation & Occlusion

Blue Dental Center-Dr.Mostafa Taha - Egypt

I have acquired comprehensive knowledge in Full Mouth Rehabilitation, including techniques to preserve damaged teeth through Closed Crown Lighting, Verti Preparation, and MOD procedures. Additionally, I have mastered the treatment of Bruxism and various TMJ issues by utilizing appropriate Splints. Furthermore, I have developed the skillset to effectively adjust Occlusion for optimal dental function.

2021-07 - 2021-08

Restorative & Aesthetics Course: Aesthetics

Restorative & Aesthetics Program - New Cairo, C

The restorative & aesthetics program on dentistry provides a comprehensive overview of the latest developments in the field. The program covers various topics such as the principles of dental materials, tooth preparation and restoration, and

aesthetic dentistry. It also provides an in-depth understanding of the different types of dental prostheses, techniques and materials used for making them. Additionally, it explores various methods to enhance patient satisfaction with their smile through cosmetic procedures. Moreover, this program offers valuable insights into how to conduct a successful practice by incorporating modern technology and techniques while maintaining high standards of quality. With the help of this program, practitioners can become more confident in providing comprehensive dental care to their patients with efficient results.

2021-06 - 2021-07

ADA Certificate & leeds training college Certificate: Minor Surgery

Dental Education - New Cairo, C

- I am immensely proud to have received both the ADA Certificate and Leeds Training College Certificate on Minor Dental Surgery. This has enabled me to expand my knowledge and skills in dental surgery, which will help me in providing better patient care. I have also gained a deeper understanding of the different techniques and procedures used in minor dental surgery, which will help me to provide a more comprehensive treatment plan for my patients. My experience with this certification has been invaluable, as it has allowed me to become more confident and skilled in the field of dentistry.
  I learned Surgical extraction, Remaining root extraction, Impacted wisdom tooth extraction, Suturing techniques & How to treat Medical Compromised patient

2013-01 - 2018-04
